# WELCOME TO OUR NEW 2019 RANGE

This is one of the most exciting times in our 44-year history. Jayco is known for innovation and taking caravan design and your holiday relaxation to the next level. This year, we are proud to introduce you to a range of technology-led features that are designed to enhance your holiday.

We've listened to our owners and partnered with some exciting suppliers to deliver a flexible new range of space-saving Jayco pop tops. These are very clever caravans.

New features for 2019 include our Jayco-exclusive smartphone app that creates a central hub for operating a range of appliances, depending on which options you choose.

Jayco Pop Top range combines the storage advantages of a caravan with the hitch-and-go freedom of a camper trailer, all with space-saving advantages of a roof that folds flatter for easy stowing.

We have taken our inspiration for this year's interiors from the landscapes of Australia, providing a soothing backdrop for any great Australian road trip, large or small.

When you buy a Jayco, you can relax – it's full of engineering expertise. All our products are designed by Australians, made locally with the challenging Australian conditions in mind.

As life takes you on the road, let Jayco be your partner in adventure with your choice of our new 2019 Pop Top Caravan range.

Enjoy.

## JAYCO FREEDOM POP TOP

Why buy second-hand when you can afford new? Jayco Freedom pop tops provide exceptional value for money and the uncompromising standards of Jayco products.

With a choice of two floor plans, Jayco Freedom pop tops are compact on the outside with ample living space for couples. The reduced height makes it easy to tow and manoeuvre, especially in treed areas.

Market-leading, fully insulated quad-layer walls comprise of internal wall ply and insulation, aluminium frame, external 3 mm ply and external aluminium cladding, making you warmer in winter and cooler in summer.

Each product in the Jayco Freedom pop top range has all the necessities for uncomplicated camping with a price point to match. The bag awning extends your living space to the outdoors and protects against the elements.

The Jayco Freedom pop top range is a perfect solution for travellers looking to start their caravanning adventures.

*“Love weekend getaways and family holidays in our new Jayco Freedom, its simple and stress-free set-up.”*

*Deon Cross, QLD*

# GREAT VALUE FOR MONEY

All Jayco Freedom pop tops include a functional kitchen with two-burner cooktop and griller, a 91-litre three-way fridge and modern interior cabinetry. Roof-mounted air-conditioning units are standard in Jayco Freedom pop tops. Euro styled interiors complete a clean, modern look.

The furniture in Jayco Freedom pop top is built on an exclusive aluminium frame for extra strength, and finished in durable commercial-grade fabrics.

**Technology Innovation:** Sit back, relax and download the new JHub phone app to monitor it all from one intuitive app on your phone\*.

And if you are planning to go bush, consider the optional 120 W solar panel and 100 Ah battery for peace of mind.

Euro-styled interiors in neutral colours invite to accessorise and make your second home your own.

Unleash your inner chef: 3-burner cooktop/griller, 91 litres 3-way fridge and plenty of space for all cooking utensils in this functional kitchen.

## JAYCO EXPANDA POP TOP

Family adventures made easy is the motto of the Jayco Expanda. Designed to sleep up to 8 people, the Jayco Expanda pop top cleverly uses available space for maximum storage and comfort. Featuring two expandable double beds with innerspring mattresses at each end, the Jayco Expanda offers a living space of a full-height caravan with the towing feel of a standard compact pop top.

The Jayco Expanda models are built to last with multilayered, vacuum-bonded fibreglass walls that are hail- and dent-resistant and offer great thermal and acoustic insulation. The one-piece, double-stitched tent sections are made in Australia from 14 oz heavy-duty local canvas.

**Outback Upgrade:** Considering going way off the beaten track? All Jayco Expanda pop tops can be upgraded to an Outback model, featuring:

- higher ground clearance for towing in rugged conditions
- JTECH independent coil suspension
- protective aluminium checkerplate on sides
- 150mm chassis
- 120 W solar panel
- AL-KO outback drop jacks

*"We just love to escape the rat race. Campgrounds or free camping - we can just pack up and go in our Expanda. Love the fact that 10 minutes after arriving you are set up to sit back, chill out and relax!!"*

*Ross Kelly, VIC*

## EVERYTHING A FAMILY NEEDS

Nothing fits like Jayco Expanda! Go away for weeks at a time with clever storage solutions, plus generous space to cater for modern families.

Roof-mounted air conditioner is standard, and with two Jayco Expanda pop top models available, you decide whether you would rather have an ensuite or more storage in your RV. The kitchen includes a four-burner gas cooktop/grill and 150L three-way fridge working on LP gas, 12 V DC or 240 V mains power.

Expanda pop tops come standard with innerspring mattresses in double beds, and you can add optional bed-end privacy screens to separate yourself from the world for restful sleep.

**NEW FOR 2019:** Never run out of power or water: the new JHub phone app will monitor water usage and battery's estimated time to recharge as long as you have Bluetooth connection.

**POPULAR OPTIONS:** Furrion TV/DVD and TV antenna mean you can reconnect with the outside world - only if you want to! Or add Furrion Bluetooth/USB stereo package with external speakers and take entertainment to the outdoors.

Smart use of space for spacious, family-friendly living with maximum comfort.

Clever bunks: fold up the top bunk to open up the play space and convert the table area into an extra bed at night.

# JAYCO CONSTRUCTION

## Tough Frame

Jayco's vacuum-bonded quad-layer wall construction technology is both stronger and lighter than the conventional 'timber & tin' aluminium-clad caravan walls. Built on lightweight aluminium frame for extra strength and longevity, Tough Frame provides great thermal and acoustic insulation.

## Endurance chassis

Lightweight yet superstrong, our chassis are hot-dip galvanised for lifelong protection against corrosion. They feature Jayco Pressed Steel C-Section (PSC) floor members which are lighter than conventional box section steel, 300% stronger and resist bending by 175%.

## Suspension

Purpose-built to complement the Jayco Endurance chassis, JTECH independent coil suspension delivers greater stability, precise handling and increased ground clearance for easy and safe towing.

## Aluminium frame

The furniture in your Jayco caravan is built on our exclusive aluminium frame for strength and durability.

# SAFETY YOU CAN TRUST

## Safety Electronic Stability Control

SAFETY FIRST, with optional AI-KO electronic stability control

- A** Critical swerve or sway is detected.
- B** Electronic Stability Control partially applies the RV brakes. The caravan is pulled into line behind the tow vehicle. The sway is stopped and the caravan brakes are released.

## Nitrogen-Filled Tyres

Nitrogen keeps your tyres as cool as possible and helps maintain a constant tyre pressure even in hotter weather, reducing the risk of blowouts.

# OPTIONAL FEATURES

External showers are ideal for rinsing off dirt and sandy feet before getting inside. And great for washing dogs, too!

Solar panels will keep your batteries charged when no power is available.

Take entertainment to the outdoors with Furion stereo package and external speakers (Journey DX only).

TV antenna designed for RVs ensures you'll have TV reception when you need it.

The best way to transport your two wheels is on a rear-wall bike rack.<sup>^</sup>

Reversing cameras provide the best rear vision for towing confidence and peace of mind.

The external picnic table is perfect for enjoying meals outside without bringing along a portable table.

# ABOUT JAYCO

## Proudly Australian Made

For 44 years, Jayco has been helping Australians to have the best caravanning and camping adventures. Caravans and camper trailers, motorhomes and campervans, pop tops, off-road caravans and toy haulers – there's a Jayco for everyone.

Jayco is Australia's largest recreational vehicle (RV) manufacturer. Our vision is to lead the way in RV innovation, not only in Australia but on the global stage. We listen and respond to what our customers need in their RVs to make their holidays effortless.

Every aspect of a Jayco RV is engineered and validated by our Victoria-based Research & Development team. As part of the Jayco Testing Programme, our innovative products undergo weeks of testing in lab and real-life conditions before being released to market.

All our products are designed by Australians, with the harshest Australian conditions in mind. Each Jayco is proudly made in Australia, in our state-of-the-art factory in Dandenong, VIC.

Australia's most recognised brand for quality and affordable RVs, Jayco is a great success story of Australian manufacturing. Employing over 1,000 people, Jayco continues as a locally-owned family business.

"It's clear that Jayco is one of Australia's most impressive manufacturers and takes great pride in producing a range of the highest-quality products. We are just as proud to have the Jayco brand aligned with the Australian Made logo." – Ben Lazzaro, Chief Executive, Australian Made Campaign Ltd
