Amsterdam Elite series

The Amsterdam Elite Series is the premium model of the Amsterdam collection and has been designed for serious daily commuting. It combines a sleek minimalistic design, a lightweight aluminium frame, and high quality components. The Elite features improved frame geometrics, a new wider handlebar setup and Shimano Hydraulic disc brakes that increase the braking power and the performance of the bike. Different gears (Shimano 3 or 8 Speed integrated hub) and drive trains (Chain drive or Gates Belt Drive) are available, giving you the opportunity to design your ultimate urban commuter bike yourself.
