

WELCOME TO OUR NEW 2019 RANGE

This is one of the most exciting times in our 44-year history. Jayco is known for innovation and taking caravan design and your holiday relaxation to the next level. This year, we are proud to introduce to you a range of exciting new features that are designed to enhance your adventures and make getting away even easier.

Our Jayco Sport and Adventure range combines tough exteriors and spacious, quality interiors that mean you can venture further than ever before without foregoing comforts at the end of the day. Whether it's children, pets, action accessories or all three, we have a Jayco Sport and Adventure caravan that carries it all.

We have taken our inspiration for this year's interiors from the landscapes of Australia, providing a soothing backdrop for any great Australian road trip, large or small.

When you buy a Jayco, you can relax —it's full of engineering expertise. Thousands of design hours and testing ensure all our locally made products are engineered with the challenging Australian conditions in mind.

As life takes you on the road and off the road, let Jayco be your partner in adventure with your choice of our new 2019 Sport & Adventure range.

Enjoy.

Jayco Work'n'Play 10.35 is equipped with roof racks for carrying kayaks, surfboards or even a small tinnie. Its narrow body width and lowered height allow easy access, and at only 1,010 kg tare weight it can be towed by popular medium-sized cars and SUVs.

Jayco Work'n'Play 17.51 turns into a comfortable holiday caravan sleeping up to 4 people. The generous payload of 600 kg means this work horse can easily carry all your recreational gear, and food and drinks for the family. As an Outback model, it has a higher ground clearance for towing in rugged conditions and is equipped with the purpose-built JTECH independent suspension for better handling.

"It's given my husband and myself the best of both worlds (work AND play), and I still get to live like a queen at the motocross track."

Teigan Walker, QLD

WORK HARD AND PLAY HARDER

Whether you're after a weekend away or want to spend weeks exploring, the Jayco Work'n'Play guarantees excitement.

The rear storage/garage allows you to pack work tools or off-road toys. There's plenty of room and it's easily accessed by a fold-down rear ramp.

Living is easy in Jayco Work'n'Play. Cook outside on an external slide-out kitchen in 10.35 model or inside, on a four-burner cooktop/griller, in the 17.51 model and enjoy the outdoors dining under the awning. And after a fun day out, you'll appreciate the quality sleep on the innerspring mattresses in fold-down beds.

Interiors that are highly resistant to wear and tear are especially important for our toy haulers. All fabrics are commercial-grade and highly durable. To add luxury, optional seating in designer leather is available.

GOING OFF-GRID? A 120 W solar panel and 100 Ah battery can be added if you're going bush for an extended period.

The interior fabrics are highly resistant to wear and tear.

Functional kitchen and bed with innerspring mattress for adventures in comfort.

Create outdoor space with roll-out awnings, standard on Work'n'Play models.

With the large drop-down tailgate ramp accessing your tools/toys is easy.

Never run out of power or water: the new JHub phone app monitors water usage and battery's estimated time to discharge*.

Large fridge quietly runs on LP gas, 12 V DC or 240 V mains power.

Latest technology for your adventure.

optimal cargo area.

Why leave the toys at home when this purpose-built garage on wheels easily stores motorbikes, bikes, jet skis, go-karts and surfboards? With a fold-down tailgate ramp, ride in, ride out and get the adventures started!

The 23-ft Basestation sleeps up to eight people and is built to last with Jayco's market-leading multilayered, vacuum-bonded walls. They are hail- and dent- resistant, and offer great thermal and acoustic insulation.

The Jayco Basestation comes standard in an Outback model, featuring:

- higher ground clearance for towing in rugged conditions
- JTECH independent suspension
- protective aluminium checkerplate on sides

- 120 W solar panel
- 150mm chassis
- AL-KO outback drop jacks

"Can take her anywhere our heart desires. Big enough for the fambam bikes, kayaks, or whatever our destination offers. Going anywhere, from powered to fully off-grid. Making memories with our kids."

Danielle Jarvis, NSW

TAKE THE TOYS WITH YOU

The smart design of Jayco Basestation starts with the creation of two zones: a combined living/sleeping area at the front and rear garage that doubles as a bedroom/storage space.

The living area provides all the comforts of home with fully equipped internal kitchen and combined shower and toilet. Spacious club lounge is housed in a slide-out section: create more room at just the touch of a button. And if you need more garage space, simply lift up bunk beds to make room.

The innerspring mattress ensures a restful night's sleep after a full day of adventure. Standard features of Jayco Basestation include air conditioner, large 3-way fridge, four-burner cooktop/griller; add optional 3.3 kg washing machine and external picnic table for more convenience.

Jayco's interior fabrics are highly durable and UV-resistant, with optional designer leather seating available for an adventure in luxury.

HIGH TECH: Exclusive to Jayco, download the new JHub phone app to monitor power and water levels and usage from one intuitive app on your phone*.

Comfortable innerspring mattresses ensure a restful holiday sleep after a day outdoors.

The slide-out lounge creates more space when you need it and conveniently slides back in for driving.

120 W solar panel and 100 Ah battery – for venturing out where power is not available.

The Jayco Basestation garage is equipped with 6 tie-down points for securing your gear.

The large 3-way fridge will keep the food fresh and the drinks fresh.

Internal control panel JControl provides transparency of the battery and water tanks.

The ultimate base for adventurers.

checkerplate body armour running high up the front of the van behind the stoneguard.

A pop-top Jayco Adventurer is easy to tow and manoeuvre, especially in areas with trees, and is an ideal choice if storage does not allow for the height of a full-sized caravan.

NEW IN 2019: Lightweight and long-lasting lithium batteries are now standard on Jayco Adventurer.

JTECH independent dual shock coil suspension delivers greater stability, a smoother ride and more precise handling for easier towing.

- purpose-built to complement Jayco Endurance chassis
- developed after an extensive two-year testing program covering thousands of kilometres on second-class roads
- built with high-quality parts from Pedders and AL-KO.

"Love jumping in our Jayco on a Friday afternoon and doing a weekend of free camping or going on long adventures from the outback to the beach. Love the ensuite, being able to give the kids a shower after a day of playing is so handy."

Lauren Bugden, NSW

PURPOSE-BUILT FOR OFF-ROADING

Jayco's toughest off-roader is built to keep it simple: everything you see comes standard.

High-flow Sirocco fans, gas ducted heating, furniture in genuine designer leather, ensuite and a fully equipped kitchen with a generous 140-litre 12 V fridge are complemented by an external slide-out kitchen for easy inside/outside living.

Strength and durability are the main focus in Jayco off-road products: heavy-duty ball-bearing drawer runners withstand driving across rough terrain, and the furniture is built on the Jayco's exclusive sturdy aluminium frame.

The internal portable control panel, JHub, provides complete transparency of your Jayco Adventurer's onboard features. Manage lights, water pump, hot-water switch and check water and battery levels — on a single screen, while sitting at the campfire.

LATEST TECHNOLOGY: In 2019, JHub also comes as a phone app.

NEW in 2019: Nautilus instant hot water system means you'll never run out of hot water again!

JHub control tablet for transparency of your onboard features. Now comes as a phone app*.

150 W solar panel - essential when going off grid.

New in 2019: Nautilus hot-water system: never run out of hot water again!*

Heavy-duty ball-bearing drawer runners for added strength and durability.

Gas ducted heating is indispensable for comfort on cooler mornings and chilly nights.

Brush Guards for extra protection and enhancing the look of your Jayco Adventurer.

Market-leading innovation.

lightweight, hot-dip galvanised Jayco Endurance chassis. To complement it, Jayco engineers developed JTECH independent dual shock coil suspension for greater stability, a smoother ride and more precise handling in rugged conditions.

Jayco's market-leading engineering shines in the details: well-positioned checkerplate body armour, stoneguard protecting a large storage box, and tough, four-point reinforced bumpers.

LATEST TECHNOLOGY: Lithium has arrived! The best-available battery performance is now standard on all Jayco Adventurer models.

Don't just take our word for it! Caravan experts give Jayco Adventurer top ratings:

Self-sufficiency Build quality

★★★★★★★☆ Value for money **★★★★★★★**☆ Quality of finish ****

Creature comforts* * * Caravan World, issue 580.

"We were set up on the banks of the Goulburn River, catching rainbow trout up to 15 pounds while cooking a spit roast over the open fire and watching our team play in the AFL finals on the external TV. It was what our life is all about: family, fishing, football, fun."

Cristy and Paul Worsteling, iFish TV, VIC

PREMIUM OFF-ROAD CARAVAN

Your next holiday will be a breeze with all features for your dream off-road adventure included as standard.

When going off-grid, you won't be caught short thanks to the internal portable control panel, JHub. Monitor water levels in grey and fresh tanks, ensure solar panels provide enough power, or check battery's estimated time to discharge and turn off heavy power consumers, while sitting near the campfire. For your convenience, JHub is now also available in a phone app.

No matter what the weather brings, your environment will be comfortable. High-flow Sirocco fans above the bed are ideal for long hot nights. On a fresh morning, you won't even need to get up from the bed to add warmth, thanks to the cleverly positioned control for the gas ducted heating.

NEW IN 2019: Nautilus instant hot-water system means you'll never run out of hot water.

Well-designed finishes for driving across rough terrain include heavy-duty ball-bearing drawer runners and sturdy aluminium furniture mounts to keep everything safe and secure.

The kitchen is nothing short of outstanding: 3-burner stove, oven, microwave and a massive 218-litre fridge.

Outback

Portable JHub control tablet for transparency of your onboard features. Now also as phone app.

External slide-out kitchen comes standard in Jayco Adventurer.

Premium options come standard.

JAYCO CONSTRUCTION

Tough Frame

Jayco's vacuum-bonded guad-layer wall construction technology is both stronger and lighter than the conventional 'timber & tin' aluminium-clad caravan walls. Built on lightweight aluminium frame for extra strength and longevity, Tough Frame provides great thermal and acoustic insulation.

Endurance chassis

Lightweight yet superstrong, our chassis are hot-dip galvanised for lifelong protection against corrosion. Theyfeature Jayco Pressed Steel C-Section (PSC) floor members which are lighter than conventional box section steel, 300% stronger and resist bending by 175%.

Suspension

Purpose-built to complement the Jayco Endurance chassis, JTECH independent coil suspension delivers greater stability, precise handling and increased ground clearance for easy and safe towing.

Aluminium frame

The furniture in your Jayco caravan is built on our patented aluminium frame for strength and durability.

SAFETY YOU CAN TRUST

Nitrogen-filled tyres

Nitrogen keeps your tyres as cool as possible and helps maintain a constant tyre pressure even in hotter weather, reducing the risk of blowouts.

Safety Electronic Stability Control*

SAFETY FIRST, with optional Al-KO electronic stability control

- A Critical swerve or sway is detected.
- **B** Electronic Stability Control partially applies the RV brakes. The caravan is pulled into line behind the tow vehicle. The sway is stopped and the caravan brakes are released.

Breakaway system[^]

If a caravan accidentally separates from the tow vehicle, the system will activate the electric brakes and brake lights.

OPTIONAL FEATURES - WORK'N'PLAY & BASESTATION MODELS

Flat-screen 22" TV - perfect for catching up with your favourite shows.

External showers^ are ideal for rinsing off the dirt before getting inside.

Ban hand washing on the road with the 3.3 kg washing machine $(23.73-6 \text{ only}) \land$.

Enjoy high-quality sound with Furrion stereo system.^

Add 120 W solar panel and 100 Ah battery for extended trips off grid.

High-flow Sirocco fans are ideal for cooling down on hot nights.

Stay connected with Sphere Wi-Fi system with GPS locator (23.73-6 only).

Full functionality of JHub management system in a portable panel^.

Charge multiple devices at the pop-up power tower with 240 V and USB ports (23.73-6 only).

WHY BUY JAYCO?

Buying a new van, trading in or servicing the one you have, for 44 years, Australians have trusted Jayco with their holiday memories.

AUSTRALIAN MADE

Designed and built by Australians, for Australians to take on the Australian terrain, all Jayco RVs proudly wear the Australian-made logo.

BETTER VALUE

As the largest Australian RV manufacturer, Jayco has a great buying power and passes the savings on to our customers, delivering more features for less.

NATIONWIDE SUPPORT

With 29 authorised Jayco dealers and 100+ service agents around the country, Jayco's support network is the most comprehensive in Australia.

JAYCO CARE

Jayco's industry-leading customer care comprises of 2-year manufacturing warranty and 5-year structural warranty. Each new Jayco RV comes with complimentary 3 years of 24/7 Jayco Roadside Assist for peace of mind.

GREAT RESALE VALUE

Jayco RVs keep their value exceptionally well and are considered to be a long-term investment. To help you get the best value, list your Jayco for free on jayco.com.au.

ABOUT JAYCO

Proudly Australian Made

For 44 years, Jayco has been helping Australians to have the best caravanning and camping adventures. Caravans and camper trailers, motorhomes and campervans, pop tops, off-road caravans and toy haulers – there's a Jayco for everyone.

Jayco is Australia's largest recreational vehicle (RV) manufacturer. Our vision is to lead the way in RV innovation, not only in Australia but on the global stage. We listen and respond to what our customers need in their RVs to make their holidays effortless.

Every aspect of a Jayco RV is engineered and validated by our Victoria-based Research & Development team. As part of the Jayco Testing Programme, our innovative products undergo weeks of testing in lab and real-life conditions before being released to market.

All our products are designed by Australians, with the harshest Australian conditions in mind. Each Jayco is proudly made in Australia, in our state-of-the-art factory in Dandenong, VIC.

Australia's most recognised brand for quality and affordable RVs, Jayco is a great success story of Australian manufacturing. Employing over 1,000 people, Jayco continues as a locally-owned family business.

"It's clear that Jayco is one of Australia's most impressive manufacturers and takes great pride in producing a range of the highest-quality products. We are just as proud to have the Jayco brand aligned with the Australian Made logo." — Ben Lazzaro, Chief Executive, Australian Made Campaign Ltd
