

**BAILEY
UNICORN IV.**

BUILT LIKE NO OTHER.

Bailey is the first European manufacturer to build caravans in Australia. Our years of experience as Britain's top selling caravan maker has allowed us to bring a wealth of knowledge and unique construction techniques to the building of caravans in Australia, for Australian conditions.

Bailey caravans are able to be light, yet strong, thanks to our patented Alu-Tech construction system, which uses single span wall, floor and roof panels. This system is combined with cleverly constructed lightweight furniture and a lighter chassis with fewer cross members. The GRP- coated, fibreglass outer skin provides significant impact resistance, protecting your investment from stone and hail damage. Under the skin is a high-density polystyrene core for an impressive level of strength without weight.

Meanwhile, Grade 3 thermal insulation ensures that the caravan's interior temperature stays pleasant no matter what climate you're travelling through, so you can take a Bailey anywhere in Australia at any time of year.

To ensure all our caravans measure up, we put them through extensive endurance testing. Bailey caravans have undergone combined testing at the Australian Automotive Research Centre in Anglesea, Victoria and the Millbrook Proving Grounds in the United Kingdom, pairing together a mixture of driving conditions found throughout Australia. These tests are designed for vehicle durability on bitumen and gravel environments to test suspension, braking and traction control, dust entry and many other factors affecting vehicle performance. The Millbrook Proving Grounds simulates structural durability testing conditions, in excess of what caravans are likely to encounter, to give you the confidence in knowing we can provide you with a lifetime of use. What's more, our UK facilities allow Bailey caravans to be subjected to both hot and cold chamber testing in temperatures as high as 60 degrees and as low as negative 15 degrees, to achieve the best possible results in thermal insulation.

All of which means you can be confident that a Bailey caravan is ready and willing to take you wherever you want to go. And get you back safely.

*model dependant

BUILT WITH STYLE.

The Unicorn IV Pamplona offers the flair of European styling tailored to the specific needs of Australians. The first UK-designed and Australian-built model provides you with elegantly designed living spaces that offers all the creature comforts of home.

Relax on the front bench lounge and watch the world go by through Bailey's signature Skyview panoramic windows, including an opening vertical skylight. At night, this area can become a second bedroom for those wishing to view the stars as they drift off to sleep.

The Unicorn IV Pamplona delivers an extensive range of features and fittings to ensure your travels are nothing short of luxurious. You'll find a rear caravan queen-sized bed, a fully equipped kitchen including full oven and bench-top extension, reverse cycle air conditioning, a separate shower and toilet area with built-in laundry hamper, and a 2.5kg washing machine cleverly hidden in the bedroom.

A solid door allows the bedroom to be sectioned off to include the bathroom as an ensuite or separate it from both the bathroom and kitchen areas. This, in conjunction with the front lounge bed conversion, makes the van capable of comfortably accommodating one couple or two.

BUILT FOR AUSTRALIA.

While the Unicorn IV Pamplona maintains the sought-after style and elegance of its European cousin, we've ensured that this Australia-Built black top tourer is more than prepared to cope with the demanding conditions of travelling around our continent.

Flush-fit bonded windows and hatches greatly improve the van's thermal insulation, reducing the need for heating or cooling. This will not only save you money but also help the environment. The van features class-leading twin 120L water tanks (240L total) to ensure you'll be self-sufficient no matter how long you're away from civilisation. Plus we've increased the ground-clearance to cope with Australia's rugged roads, steep sloping driveways and those pesky service station entrances.

In addition, the Unicorn IV Pamplona features a larger entry door with security screen door, a wet locker tray and an increased payload capacity to ensure you can pack everything you need to really enjoy your travels. Class leading compared to any other Euro vans.

Weighing just 1900kg* unladen and offering an impressive 500kg* of carrying capacity, this caravan is comfortable being towed by a wide range of medium SUVs or 4WDs.

PAMPLONA

Travel Length: 7.91m (25'11")

Travel Height: 2.88m (9'5")

Travel Width: 2.28m (7'6")

Interior Length: 6.38m (20'11")

Berths: 2 (+2)

Tare: 1900kg

Ball: 125kg

ATM: 2400kg

BUILT INTO EVERY UNICORN.

ALU-TECH BODYSHELL

Structural interlocking aluminium external framework with no external fixing points and concealed awning channels on both sides. | Five part fully bonded exterior panel assembly system | Upper body panels manufactured using superior bead application laminating technology for a stronger more consistent bond | Upper body panels built using a timber free construction, incorporating a composite plastic internal skeleton, a high density polystyrene insulation and GRP inner wall lining | Upper body panels cloaked in single sheet impact resistant fibreglass GRP outer skin for extra durability | EN-1645 Grade III classification for heating and thermal insulation | Polar white GRP skinned body shell | Fibreglass impact (hail and stone) resistant body shell panels | **Supplied with 6-year water ingress warranty and 3-year general warranty***

CHASSIS

Australian made DuraGal steel chassis | Alko IRS axles and suspension | Alko pin hitch with integral hand brake | 15" alloy wheels | Bailey wheel rims | Twin 120L fresh water tanks (240L) | Exterior gas bayonet/bbq point | 1 x 9kg gas bottle and 1 x 4.5kg gas bottle | Easy access centrally mounted gas locker for enhanced stability | Chassis mounted manual fold out 2-step | Heavy duty corner steadies

ELECTRICAL SERVICES

100amp/hr deep cycle AGM battery located in fully sealed underfloor battery box | Automotive OEM grade standard wiring loom/harness | Multiple 240v power points | Conveniently located USB sockets | Reading lights throughout lounge, kitchen and bedroom | 1 x Wall Mounted TV Bracket in Bedroom | TV station with 240v, 12v and two aerial sockets | HDTV antenna | 2 x interior speakers | 2 x exterior

speakers | 12v internal lighting system including LED downlight and directional spotlights, plus NEW ambient over locker and floor level lighting | 12v shower cubicle lighting | Exterior TV/Sat/12v inlet outlet | Exterior 240v weatherproof power sockets | Domestic style consumer unit with dedicated access door

SAFETY AND SECURITY

Dometic quad-lockable exterior door with security screen | Single piece highline front bumper with integral grab handles | Single piece highline rear bumper with full width grab rail | Brake safe device | Cooktop flame failure device | Smoke detector | CO2 detector | Fire extinguisher | High security one-key operation throughout

EXTERIOR FEATURES

Dometic roll out awning | Nearside wet locker tray | Wind down floor mounted spare wheel carrier and spare wheel | steel

spare wheel | Exterior fold-out picnic table | High quality graphics scheme | 1 x 160W Solar Panel with 30amp regulator | Decorative panels on front dome creating distinctive new look

INTERIOR FEATURES

Signature 'Skyview' double glazed Polyplastic vertical opening skylight and windows | Twin roof hatches | Textured finish durable floor vinyl | Entrance door mat | Quality furniture finishes in Bailey Eucalyptus colour scheme | Quality flush-fit cabinetry | Dual finish Italian designed overhead locker doors with split level storage and soft close metal hinges | Premium quality chrome finish fixture and fittings | Built in wine storage cabinet | Bench-top Extension | Soft close kitchen drawers with cutlery tray partition | 3 gas + 1 electric cooktop, griller and full oven | Branded glass-look kitchen splash back |

Dometic 2 door 190L 3-way refrigerator/freezer | 700watt microwave | Instant hot water service | Sphere 2.5kg washing machine | Belaire HB3500 reverse cycle A/C | High quality 'Brompton' soft furnishings with co-ordinating curtains, bolster cushions and scatter cushions | Large 2-drawer front chest with slide out occasion table and soft closer drawers | Slatted front bed make-up system on easy-glide track | Front corner wall mounted storage pouches | Caravan queen size bed with fully sprung mattress for enhanced comfort | Aluminium frame fixed beds and gas strut assisted opening mechanism | Under bed compartment for indoor/outdoor free standing table | Full ensuite with separate shower, toilet and vanity areas | Pedestal washroom hand basin with ceramic ball mixer tap | Easy access linen basket in washroom cupboard | Recessed toilet roll storage shelf | Cassette toilet | Fully lined square shower cubicle with bi-fold

door | Shower hanging toilet storage caddy | Solid domestic washroom door with domestic metal handle | Flyscreens and blinds on principal windows | Splash-proof roller blind to kitchen window
