

Daring and controversial, ADAM CULLEN is the edgy inspiration behind THE CULLEN.

Located in Prahran, Melbourne's bohemian and eclectic precinct, The Cullen is the only space to get up close and personal with a series of original Cullen works commissioned for the hotel.

The late Adam Cullen is remembered as a bold and fearless artist, whose output revealed the artist's capacity for astute observations about contemporary society.

The Cullen is the home away from home for locals and interstate travellers looking for a night away, weekend escape or long term stay heavy on style and individuality.

With spectacular uninterrupted views of Melbourne's CBD and a stone's throw from iconic Prahran Market, transport, bars and nightlife, you won't want to leave.
