ROLLERBLINDS

We provide many customisation options, including a choice of exciting fabrics from our collection that offers you contemporary, traditional and casual designs in colours to complement any décor style. Roller blinds can be made in sunscreen, blockout, jacquard and printed fabrics, making it easy for you to choose the fabric that will satisfy the individual needs of every room in your home, as well as your lifestyle.

The range of options available include:

- Motorisation options such as:
 - Hard wired with mains power
 - Battery powered with a solar charge option
- Link systems enabling you to operate multiple blinds with one chain control
- Dual blind system that combines a sunscreen and blockout fabric. This provides the highest level of light and privacy control
- Choice of coordinating accessories

ROMANBLINDS

Roman Blinds

Roman Blinds are a traditional, yet contemporary, window treatment. With an extensive range of fabrics and three design options to choose from, the Roman Blind can enhance many décor styles.

Classic Roman Blind

The Classic is manufactured by sewing a small pocket into the back of the blind and has a slim, round fiberglass rod inserted. This creates the Roman Blind folding effect.

Plantation Roman Blind

The Plantation has timber battens attached to both the front and back of the blind.

Sewless Roman Blind

The Sewless has aluminium extrusions on the back into which the fabric is tucked.

PANELGLIDES

Panel Glides

Panel Glides provide an ideal solution for covering large windows and sliding doors. The Panel Glide is designed to have panels of fabric overlap each other, which minimises the light penetration.

Plain Panel Glide

The Plain is manufactured as a single piece of fabric with a stitched in hidden bottom rail.

Plantation Panel Glide

The Plantation has timber battens attached to both the front and back of the blind. (Colours shown below)

Sewless Panel Blind

The Sewless has aluminium extrusions on the back into which the fabric is tucked.

VENETIANBLINDS

Venetian Blinds

Venetian Blinds are unique in their exceptional ability to control light and privacy, whilst continuing to have a timeless sophistication as a contemporary window covering.

Available in: Timber, Econo, Aluminium

Premium Venetian Blinds

The Premium Venetian Blind program is designed to complement the Phoenixwood timber shutter program. Various Designer Tapes available

HONEYCOMB SHADES

Honeycomb Shades

The Honeycomb Shade is a blind incorporating a multi-cell blanket of non-woven fabric made of polyester fibre, with a head rail and bottom rail.

Features

- Excellent insulation properties
- Very low thermal transference
- Corded, Child Safe Cordless and motorised options available

SHUTTERS

Shutters are made from a large range of materials, from natural timbers to a selection of synthetic products.

Each material type is chosen for its individual characteristics, whether it be durability, warmth, grain pattern, colour or suitability for special environments. All materials used are of the highest quality, and are sure to add value and character to the home.

Motorised shutters use a state-of-the-art battery operated motor (with an optional solar power panel) to operate the louvres in a shutter panel.

Waterproof option is also available for wet areas.

SECURITY DOORS & GRILLES

Alu-Gard™ Security Doors & Grilles

Alu-Gard™ utilises a strong (1.6mm thick) aluminium sheet that is perforated and powder coated to exacting standards. The resulting screen is strong, extremely resistant to corrosion and provides clarity of vision. Alu-Gard™ Security doors fitted with 3 point locking meet the Australian Security Door

Standards AS5039 and AS5041 and is a high quality security door for a very competitive price. The aluminium sheet is non-flammable and fire resistant and therefore is suitable for bushfire prone areas and complies with the Fire Safety Australian Standard - Compliant to Level BAL- 40.

Stainless Steel 316 and 304 Grade Mesh, Diamond Grille and Flyscreens are also available.

If you would like further information on our product range, please contact your local Timbershades Branch.
