

Camper Trailers

2020 SERIES

Adventure awaits...

Beach camping is my family's favourite, and we can do that in luxury with our Jayco Swan Outback. We love that we can easily camp off-grid for days with ample power and water. Owning a Jayco has been a dream come true for us and brought us all so much closer as a family.

Welcome to Jayco's 2020 range; in our 45th year innovation still remains at the forefront of the seven product ranges Jayco offers you, with each range ready to take you off on your next adventure.

Jayco's 2020 range illustrates how we have honed our innovation expertise to focus on three core developments – to improve connectivity, safety and security all achieved by uncompromising comfort and style that Jayco products are known for.

Jayco's Camper Trailer range is our longest running RV. It was the first RV to roll off the production line when we opened in 1975, so we understand what people look for in this RV.

Jayco's Camper Trailers are affordable, uncomplicated, easy to tow and big to live in. This is camping, the Jayco way.

Small to tow. Big to live in.

Camping is embedded in Australia's culture. We're a nation that loves exploring the wide-open spaces, getting back to basics and creating a lifetime of memories. Jayco's Camper Trailer range comes with all the comforts of home, and the highlights of camping. An ideal first RV, five camper trailer models make up Jayco's 2020 range offering plenty of options to test the waters into the caravanning lifestyle.

Jayco's Camper Trailers are designed for comfort, built to last and equipped for effortless enjoyment for all the family, without the price tag.

Image used for illustration purposes only. 2019 model shown.

Comfortable double beds with innerspring mattresses and a 12v bed light incorporating a fan, ideal for cooling down at the end of the day (N/A Penguin).

All Jayco Camper Trailers have a functional kitchen with modern cabinetry, 4-burner gas cooktop and grill* and even a microwave^.

More features for less.

Jayco's 2020 Camper Trailer Range features floor plans that are designed to suit couples as well as families up to seven and each is fitted with a kitchen, dining area, comfortable bed with innerspring mattress, sturdy furniture and enough storage to carry more than just the essentials.

NEW: New interior tones are showcased throughout this year's range with the addition of Rovere joinery and a suite of new commercial grade, highly durable fabric combinations available. Robust furniture is built on Jayco's exclusive aluminium frame for the strongest furniture in the market; the parts are screwed together not stapled.

Holidays should be simple, with comfort uncompromised. That's camping, the Jayco way.

Keep all your necessities cool with the large 95L capacity†, 3-way fridge.

A 9kg gas bottle for all your cooking needs.

Furrion speaker dock with USB allows for a seamless connection for all your entertainment (speaker sold separately).

The new look phone battery management system lets you keep track of battery and water levels.

Exterior additions such as side access hatches and large front storage boot allow for easier access to all your camping furniture and necessities.

Slide out Step	-	•
Under mounted gas bayonet for external cooking	✕	•

Construction you can trust.

JTECH 2.0 SUSPENSION

Jayco Camper Trailers come with a precision manufactured suspension system (standard on Outback). The specially designed, high-performance JTECH Suspension delivers greater stability, a smoother ride, exceptional handling and increased ground clearance.*

TENT SECTION

The tent sections are made from Australian heavy-duty 14 oz canvas and boltiflex; they are one piece, double-stitched for extra durability.

MAXIFRAME WALL CONSTRUCTION

All Jayco camper trailers are built with Jayco Maxiframe: a quad-layer aluminium frame wall construction technology that is both stronger and lighter than those of conventional 'timber & tin' aluminium-clad campers.

ENDURANCE CHASSIS

An RV is only as strong as the base on which it's built, so we build our Endurance Chassis to last like no other. Lightweight yet super strong, it's hot dip galvanised for extra protection against corrosion, and features PSC member floor support, which better resist bending and compression, while also safeguarding under floor wiring and plumbing.

JAYCO DESIGNED ROLL FORMED SECTION
Longitudinal rails used as a universal accessory mounting kit and complement our tongue and groove flooring system.

ALUMINIUM FRAME

The furniture in your Jayco camper trailer is built on our patented aluminium frame for strength and durability.

* Outback models only

Safety you can rely on.

NITROGEN-FILLED TYRES

Nitrogen keeps your tyres as cool as possible and helps maintain a constant tyre pressure even in hotter weather, reducing the risk of blowouts.

SWAY COMMAND® TOW CONTROL TECHNOLOGY*

Safety first, with Lippert Sway Command® Tow Control Technology

- A** Critical swerve or sway is detected.
- B** Sway Command® Tow Control partially applies the RV brakes. The caravan is pulled into line behind the tow vehicle. The sway is stopped and the caravan brakes are released.

* Sway Command Tow Control is optional only for Camper Trailers

Optional features.

We believe your camper trailer should be uniquely your own. That's why Jayco offers the option upgrade to suit your needs – from choosing fabrics, roof racks and even an awning to provide all-important protection from all weather conditions.

Solar panels will keep your batteries charged when no 240v power is available.

External showers are ideal for rinsing off dirt and sandy feet before getting inside. Hint: great for washing dogs, too.

The external picnic table is perfect for enjoying meals outside.

Enjoy your favourite shows and movies with a 12v TV/DVD.

Stay cooler for longer on your next adventure with an air conditioner.

Furion stereo package with internal and external speakers delivers high-quality sound.

The Jayco difference.

Jayco is Australia's leading RV manufacturer and for 45 years has pioneered the RV and caravan industry in Australia, resulting in Jayco being one of the country's most recognised brands known for its innovation advancements in creating quality and affordable recreational vehicles.

AUSTRALIAN MADE

Designed and built by Australians, for Australians to take on the Australian terrain, all Jayco RVs proudly wear the Australian-made logo.

GREAT RESALE VALUE

Jayco RVs keep their value exceptionally well and are considered to be a long-term investment.

BETTER VALUE

As the largest Australian RV manufacturer, Jayco has a great buying power and passes the savings on to our customers, delivering more features for less.

LARGEST SUPPORT NETWORK

No matter where your adventure takes you, Jayco's extensive service network will be nearby to assist in the unlikely event a priority repair is required. With **126 National Jayco Service Agent Representatives located around Australia**, the expertise or spare parts you need are never far away to help and is the most comprehensive RV service offering in Australia. Jayco's assist service is with you every step of the way. That's caravanning, the Jayco way.

FINANCE THE DREAM

Financing your next adventure is easy and Jayco offers a number of finance options through Jayco Financial Services. This means we can provide a variety of loan options such as flexible loan terms from one to seven years, competitive finance deals, quick and easy approval, all supported by Jayco's exceptional customer service.

INSURANCE

Jayco Platinum Insurance provides competitive premiums and market leading cover that is available at all Jayco dealerships or can be accessed online providing an easy to use and quick quoting portal. Whether you take your caravan on short holidays or year long travels, we can tailor a policy to suit your caravanning needs.

It's clear that Jayco is one of Australia's most impressive manufacturers and takes great pride in producing a range of the highest-quality products. We are just as proud to have the Jayco brand aligned with the Australian Made logo.
